All RBT applicants must complete a 40-hour training based on the current RBT Task List as one of their eligibility requirements. This annual report includes the number of first-time RBT examination candidates and examination pass rates from training programs that (a) were publicly available at the time of this publication and (b) had 20 or more first-time RBT examination testers in 2021.

**Note to training providers:** These data are based on training provider names entered by RBT applicants at the time of application and may vary from your records. In addition, individuals who completed your training might not have applied for RBT certification in the same year.

### Table of Contents

**RBT Examination Pass Rates:**

- Sorted by Pass Rate ............................................................................................................................................... 2
- Sorted Alphabetically by Training Provider ........................................................................................................... 4
- Sorted by Candidate Volume ................................................................................................................................. 6
