OSHER, COVID AND ME

When Covid hit it seemed like life stood still. Between closures, fear of crowds and not even socializing with neighbors, I felt isolated. My normal activities stopped, and boredom quickly set in.

I had heard about KU Osher from friends who had taken classes. They loved the high-quality educational component and really enjoyed the social engagement. As a curious learner, I was pleased to find online courses being offered. There were many to choose from, but one particularly piqued my interest, so I signed up for my first Osher class on the History of Women in Sports. It was great!

To use a Covid metaphor “I was infected” and wanted more. Living in Wichita makes it difficult to attend in-person classes. The convenience of Osher online keeps me coming back for more. I eagerly anticipate receiving the new catalog because I plan my day around courses that intrigue me.

Thank you Osher for enhancing and enriching my life.
– Elaine from Wichita

HAPPY Osher MEMBERS

“Thank you. You are a great resource.”

“I appreciate all the hard work you do for the Osher Institute and education in general. Kudos to all of you!”

SUPPORT THE Osher INSTITUTE AND SAVE MONEY!

Russ Sifers, a 1970 KU alumnus and longtime Osher member, understands how everyone wins when you make a Qualified Charitable Distribution (QCD) to a charitable organization while fulfilling your Required Minimum Distribution (RMD) each year.

The year his wife died he was faced with having to take the RMD and pay income tax on it. Instead, he decided to make a QCD to avoid paying the taxes and helping a worthy cause.

Russ enjoys participating in Osher courses and likes to engage with classmates before and after class. He finds a commonality with new friends and even connects with other KU alumni who he went to school with. “I really love all the wonderful and fun classes I have experienced.”

Russ believes strongly in the Osher program and has selected Osher as a beneficiary for a portion of his IRA upon his death.

Russ encourages others to consider supporting Osher in this manner, stating, “You could give a little of your RMD now to avoid paying taxes on it. And you could give a percentage of your IRA upon your death, if you so designate it. Please think about your legacy.”

To learn how you can support Osher, call Andy Morrison at 785-832-7327 or email amorrison@kuendowment.org. Thank you!

1971: The Year that Rock Exploded
The year 1971 might have been a renaissance that saw the rise of the singer/songwriter and the transformation of FM radio to an album-oriented rock format. Many record labels became more open to new talent with experimental recording techniques that laid the groundwork for punk, indie, and electronica. Join the conversation where we will consider whether this thesis is supported by evidence.

TOGETHER WE CAN DO MORE

The Osher Institute has various partnerships with residential communities, parks and recreation districts, senior centers, museums, and others. We rely on these partners to not only provide space in which to offer Osher courses and events, but often to provide financial assistance as well.

As we continue to recover from the financial effects of Covid-19, partner sites become even more important. The revenue source they provide is essential and the collaboration allows us to expand our reach, connecting with older adults previously unserved by our program.

Do you have ideas on partners we could work with? Are you connected to someone in your community who might be willing to host a course? Please give it some thought and reach out to Linda at linda.k@ku.edu with your ideas.

Planned Giving: Become a Legacy Friend of Osher

Planned giving is a way for you to leave a legacy of lifelong learning to ensure that future learners will have the opportunities for intellectual engagement that are now enriching your life through the Osher Institute at KU.

What is planned giving? Planned giving is finding ways to make charitable gifts now or after your lifetime while enjoying financial benefits for yourself.

Planned gifts are sometimes referred to as “stop-and-think” gifts because they require some planning and may require help from your professional advisors. Unlike cash donations, they are typically made from assets in your estate rather than disposable income, and come to fruition upon your death.

Planned gifts include:

- A bequest in your will or living trust
- A charitable gift annuity
- A charitable lead trust
- An endowment fund
- Retirement plan assets
- Life insurance policies
- A remainder interest in your home

A misconception is that planned giving is only for the “wealthy.” The truth is, even people of modest means can make a difference through planned giving.

Support The Osher Institute and Save Money!

Do you have an IRA and are 70½ or older? Are you concerned about how your Required Minimum Distribution (RMD) will affect your taxes? Would you like to support the Osher Institute?

If your answer is “yes,” it may be a good time to take advantage of the IRA Charitable Rollover. Congress has made the Rollover legislation permanent, which allows you to transfer up to $100,000 from your IRA each year to support the Osher Institute through KU Endowment.

Contact your IRA custodian before taking your distribution. This direct rollover should be made payable to KU Endowment in support of the Osher Lifelong Learning Institute. Call Andy Morrison at 785-832-7327 or email amorrison@kuendowment.org to learn more.
